Keyword Index

Accidents; Rest breaks; Fatigue; Performance 123
Aggression; Health service staff; Impact of Event Scale-Revised 170
Attitudes to safety; Employment level; Safety climate; Structural modelling 21
British rail network; Rail safety; Occupational health psychology; Urbanisation; Crowding; Road-rail interface 103
Burnout; Self-esteem; Sense of coherence; Sense of competence; Work characteristics 109
Business travel; Stress; Travel stress; Person–Environment fit 138
Career strategies; Work socialization; Role stress; Organizational entry; Newcomers 195
Chinese offshore oil industry; Occupational stress; Socio-demographic charachteristics 287
Coal miners; Organizational safety; Risk; Safety culture 306
Collective efficacy; Group perceptions; Job stressors 158
Construction; Job stressors; Injuries; Structural Equation Modelling 218
Coping combination; Job stress; Psychological distress; Hierarchical moderated multiple regression analysis; Japanese employees 38
Coping; Work stressors; Social support; Psychological symptoms 241
Crowding; Rail safety; British rail network; Occupational health psychology; Urbanisation; Road-rail interface 103
Demand-Control Support model; Resident-oriented care; Job enrichment; Job characteristics 337
Fatigue; 12-h workday; Safety; Workers' health and well-being 321
Fatigue; Longitudinal study; Non-fatal violence at work; Threats of violence 182
Fatigue; Rest breaks; Accidents; Performance 123
Firefighters; Post-traumatic Stress; Social support 277
Free testosterone; Sewing machine operators; Repetitive work; Job demands; Job control; HbA_{1c} 264
Group perceptions; Job stressors; Collective efficacy 158
HbA_{1c}; Sewing machine operators; Repetitive work; Job demands; Job control; Free testosterone 264
Health service staff; Aggression; Impact of Event Scale-Revised 170
Hierarchical moderated multiple regression analysis; Job stress; Coping combination; Psychological distress; Japanese employees 38
12-h workday; Fatigue; Safety; Workers' health and well-being 321
Impact of Event Scale-Revised; Aggression; Health service staff 170
Injuries; Job stressors; Construction; Structural Equation Modelling 218
Japanese employees; Job stress; Coping combination; Psychological distress; Hierarchical moderated multiple regression analysis 38
Job characteristics; Resident-oriented care; Job enrichment; Demand-Control Support model 337
Job control; Job demands; Learning; Longitudinal research; Teachers 1
Job control; Sewing machine operators; Repetitive work; Job demands; Free testosterone; HbA_{1c} 264
Job demands; Job control; Learning; Longitudinal research; Teachers 1
Job demands; Sewing machine operators; Repetitive work; Job control; Free testosterone; HbA_{1c} 264

Job enrichment; Resident-oriented care; Job characteristics; Demand-Control Support model 337
Job strain; Quality in the public sector; Organizational change; New Public Management 52
Job stress; Coping combination; Psychological distress; Hierarchical moderated multiple regression analysis; Japanese employees 38
Job stressors; Group perceptions; Collective efficacy 158
Job stressors; Injuries; Construction; Structural Equation Modelling 218
Learning; Job demands; Job control; Longitudinal research; Teachers 1
Longitudinal research; Job demands; Job control; Learning; Teachers 1
Longitudinal study; Non-fatal violence at work; Threats of violence; Fatigue 182
Multivariate epidemiology; Occupational health; Person-oriented approach; Prevention of ill health; Working conditions 73
Newcomers; Work socialization; Role stress; Organizational entry; Career strategies 195
New Public Management; Quality in the public sector; Job strain; Organizational change 52
Non-fatal violence at work; Longitudinal study; Threats of violence; Fatigue 182
Nurses; Work environment; Psychosomatic health 93
Occupational health; Multivariate epidemiology; Person-oriented approach; Prevention of ill health; Working conditions 73
Occupational health psychology; Rail safety; British rail network; Urbanisation; Crowding; Road-rail interface 103
Occupational stress; Chinese offshore oil industry; Socio-demographic charachteristics 287
Organizational change; Quality in the public sector; Job strain; New Public Management 52
Organizational entry; Work socialization; Role stress; Newcomers; Career strategies 195
Organizational safety; Risk; Safety culture; Coal miners 306
Performance; Rest breaks; Accidents; Fatigue 123
Person–Environment fit; Business travel; Stress; Travel stress 138
Person-oriented approach; Multivariate epidemiology; Occupational health; Prevention of ill health; Working conditions 73
Post-traumatic Stress; Firefighters; Social support 277
Prevention of ill health; Multivariate epidemiology; Occupational health; Person-oriented approach; Working conditions 73
Psychological distress; Job stress; Coping combination; Hierarchical moderated multiple regression analysis; Japanese employees 38
Psychological symptoms; Work stressors; Coping; Social support 241
Psychosomatic health; Work environment; Nurses 93
Quality in the public sector; Job strain; Organizational change; New Public Management 52
Rail safety; British rail network; Occupational health psychology; Urbanisation; Crowding; Road-rail interface 103
Repetitive work; Sewing machine operators; Job demands; Job control; Free testosterone; HbA_{1c} 264
Resident-oriented care; Job enrichment; Job characteristics; Demand-Control Support model 337
Rest breaks; Accidents; Fatigue; Performance 123
Risk; Organizational safety; Safety culture; Coal miners 306
Road-rail interface; Rail safety; British rail network; Occupational health psychology; Urbanisation; Crowding 103
Role stress; Work socialization; Organizational entry; Newcomers; Career strategies 195
Safety culture; Organizational safety; Risk; Coal miners 306
Safety; 12-h workday; Fatigue; Workers' health and well-being 321
Self-esteem; Burnout; Sense of coherence; Sense of competence; Work characteristics 109
Sense of coherence; Burnout; Self-esteem; Sense of competence; Work characteristics 109
Sense of competence; Burnout; Self-esteem; Sense of coherence; Work characteristics 109
Sewing machine operators; Repetitive work; Job demands; Job control; Free testosterone; HbA_{1c} 264
Social support; Post-traumatic Stress; Firefighters 277

Social support; Work stressors; Coping; Psychological symptoms 241
Socio-demographic charachteristics; Occupational stress; Chinese offshore oil industry 287
Stress; Business travel; Travel stress; Person–Environment fit 138
Structural Equation Modelling; Job stressors; Injuries; Construction 218
Teachers; Job demands; Job control; Learning; Longitudinal research 1
Threats of violence; Longitudinal study; Non-fatal violence at work; Fatigue 182
Travel stress; Business travel; Stress; Person–Environment fit 138
Urbanisation; Rail safety; British rail network; Occupational health psychology; Crowding; Road-rail interface 103
Work characteristics; Burnout; Self-esteem; Sense of coherence; Sense of competence 109
Work environment; Psychosomatic health; Nurses 93
Workers' health and well-being; 12-h workday; Fatigue; Safety 321
Working conditions; Multivariate epidemiology; Occupational health; Person-oriented approach; Prevention of ill health 73
Work socialization; Role stress; Organizational entry; Newcomers; Career strategies 195
Work stressors; Coping; Social support; Psychological symptoms 241
